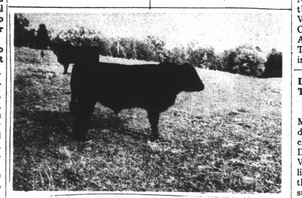
VIRGINIANS WILL ELECT CANDIDATES IN TUESDAY' ELECTION

Continued From Page 1

ies, take effect?

3. Question: Shall Chapter 652, Acts of the General Assembly of 1977, authorizing the issuance of general obligation bonds of the Commonwealth of Virginia in the maximum amount of $4,000,000 pursuant to Article X, Section 9 (b) of the Constitution of Virginia for M E N T A L HEALTH FACILITIES, take effect?



CONNER PRODUCED OUTSTANDING BULL

Pictured here is a purebred Angus steer calf that is probably the most outstanding calf ever produced in Appomattox, said Jim Smith, County Extension Agent.

The steer was born Feb. 2, 1977 and weighed 780 pounds at 205 days of age. He is the third calf out of a four-year-old cow whose first calf weighed 500+ pounds, second calf weighed 700 pounds and now a 780 pounder. The calf's sire is Stone Gate Elbar, who according to the 1976 Angus Sire Evaluation, had the nation's highest Angus adjusted yearling weight.

Who put it all together? J. W. (Sam) Conner, who has spent many hours and many years developing one of the outstanding Angus herds in Virginia. All cows in the Conner herd are bred artificially. The 205 day weight was achieved without being creep fed. During the summer drought, Conner fed each cow 10 pounds of hay per day. The steer was sold last week to a 4-H Club member who will feed him out and show him. He weighed 845 pounds.

Smith says Conner has been practicing performance testing for many years and now it is paying off.

4. Question: Shall Chapter 653, Acts of the General Assembly of 1977, authorizing the issuance of general obligation bonds of the Commonwealth of Virginia in the maximum amount of $5,000,000 pursuant to Article X, Section 9 (b) of the Constitution of Virginia for PARK AND RECREATIONAL FACILITIES, take effect?

YOUNG PEOPLE/ TEENAGERS CAN BECOME ALCOHOLICS

Alcohol is an addictive drug, and too many Virginia teenagers are drinking it, says Dr. A. Mort Casson, assistant commissioner for substance abuse, Virginia Department of Mental Health and Mental Retardation.

It is entirely possible for a young person, even a teenager, to become an alcoholic, he noted.

Dr. Casson's remarks were made as Virginia neared the close of its observance of October as Teen Alcohol Awareness Month.

"Our values today often tend to make drinking a 'status' activity. For some teenagers," Dr. Casson said, "this has disastrous effects. Someone who is known to really be able to 'hold his liquor,' and is admired by friends for this trait, may really be alcohol-dependent or on the way toward it.

"This person," he added, "may have developed tolerance, a situational need in which more and more alcohol must be consumed to get the effect previously obtained from fewer drinks."

Dr. Casson pointed out that the Department of Mental Health and Mental Retardation provides a wide range of services for people with alcohol problems. "Virginia has 22 agency - supported residential treatment programs, 23 outpatient programs, and five institutional programs," he said.

CARD OF THANKS

Words cannot begin to express our gratitude for all the people of Appomattox have done since lightening struck our home last week.

Frank Carwile, who spotted the fire, was quick to call the fire department and worked so diligently until they arrived. The Appomattox County Volunteer Fire Department who were so quick to answer the call worked so hard to control the fire. Friends and neighbors brought food, clothing, money and expressed concern in so many ways. Our pastor, Rev. W. Gregory, of the Salem United Methodist Church, was a pillar of strength during this ordeal.

It is because of these people and God's goodness that we will be able to be in our home by Christmas. In the meantime we are staying at the Travelers Inn Motel in Room 18A and will be there until repairs are completed on our home.

May God richly bless each one of you.
